REVISED MODIFIED CITY OPERATIONS PLAN (continued)

• POLICE DEPARTMENT LOBBY

- ❖ **Public Visitors:** As of June 8, 2020, the following protocols will be in place for visitors or those seeking services at the Police Department Facility located at 13880 San Pablo Avenue, San Pablo. The essential nature of public safety work and the possibility of rapid and extension contamination of an entire shift of public safety officers – and possibly community contamination -- if one contaminated person enters the Police Department facility mandates more extensive but non-invasive screening and distancing precautions. Despite these precautions mandated by the COVID-19 pandemic, it remains the Department's mission to serve the community; although, the modes of communication may differ now.
- A. The public is encouraged to view the City's website <https://sanpabloca.gov/187/Police-Department> or to contact the Department at 510-215-3130 to determine if questions or requests can be handled online or by phone first.
- B. If someone cannot resolve a matter online or by phone, there is an intercom system outside the lobby at the Police Facility at 13880 San Pablo Avenue. No one will be able to enter the Lobby without calling from that phone/intercom system. Cleaning supplies will be located by the intercom so members of the public can clean the buttons before using them.
- C. Once contacting the Lobby staff, the person will be directed to wait in their car or at a marked off location at least 6 feet away from the Lobby doors as indicated by a sign until allowed into the Lobby.
- D. Anyone entering the Police Department Lobby must:
 - 1. Wear a mask covering their mouth and nose.
 - 2. Not be living with someone or in close contact with someone who has COVID-19 or is under quarantine for suspected COVID-19 infection.
 - 3. Be free of the following symptoms:
 - a. Fever
 - b. Dry Cough
 - c. Shortness of breath
 - 4. Police Department staff will ask persons before entering the Police Department Lobby if they meet the criteria in Section D. If the person has been exposed to COVID-19 per subsection 2 above or appears to have any of the symptoms listed in subsection 3 above, then Police Department staff will not allow the person into the Police Department Lobby and will attempt to provide assistance remotely. All such interactions will be reported to the On-Duty Supervisor to determine if any follow-up is needed. Information on COVID-19 free testing occurring at the West Contra Costa Health Facility located nearby at 13601 San Pablo Avenue, San Pablo will be made available.

E. **LiveScan/FingerPrinting Services:** For anyone desiring or needing Livescan/fingerprinting services, which require close physical contact, in addition to the requirements in Section (D), consent will be asked to take that person's temperature by non-invasive thermometer scan.

1. The person's temperature will be taken prior to entering the building.
2. If the person's temperature is 100.4 degrees or higher, then the person will be asked to wait outside in the shade away from the Lobby doors for 2 minutes and then the temperature will be retaken.
3. If the person's temperature remains above 100.4 degrees, then the person will be provided information (English/Spanish available) on COVID-19 testing occurring at: 1) Lifelong Medical Care, Inc., located at 2023 Vale Road, San Pablo; or 2) West Contra Costa Health Facility, located at 13601 San Pablo Avenue, San Pablo.
4. If the person refuses to consent to the thermometer scan, then they will be provided alternate Live Scan sites, if applicable, or rescheduled.

The City's Essential Services/Governmental Functions under the Revised Modified Operations Plan are still in effect until such time that the Shelter-In-Place orders have expired, have been extended by CCHS Officials, and/or have been further revised by the City Manager/Emergency Services Director.
