The City remains committed to the health and safety of its employees and the San Pablo community throughout this COVID-19 pandemic.

To prevent mass infection by COVID-19, please obey the following checklist items for rentals of any San Pablo facility. A facility rental may be refused in the event the renter is unable to adhere to the following regulations established by the State of California, Contra Costa County and the City of San Pablo.

The City of San Pablo will notify you one month prior to your facility reservation/date with any new County Health regulations that may affect your rental. You may cancel your rental within one week of notification and receive a full refund if the current COVID regulations drastically affect your rental.

If new regulations are enacted less than one month prior to your rental we will work closely with to help develop a plan to meet the new regulations or consider a refund.

The City will follow State and County regulations and City policies and will enforce whichever is stricter.
