Date: July 2, 2024

**SAN PABLO STREET LIGHTING AND LANDSCAPE
ASSESSMENT DISTRICT NO. 1982-1**

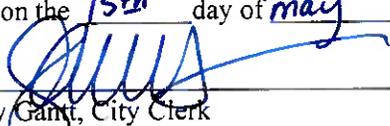

**CERTIFICATE OF FILING
2024-25 FY**

The undersigned respectfully submits the enclosed report as directed by the City Council of the City of San Pablo, Contra Costa County, California.

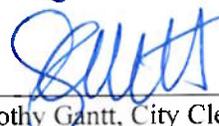

LCC Engineering & Surveying, Inc.
Engineer of Work

By  Date: May 14, 2024
Randolph W. Leptien, P.E.

I HEREBY CERTIFY that the enclosed Engineer's Report, together with Assessment and Assessment Diagram thereto attached was filed with me on the 15th day of may, 2024.

Dorothy Gantt, City Clerk
City of San Pablo
Contra Costa County, CA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with Assessment and Assessment Diagram thereto attached was approved and confirmed by the City Council of the City of San Pablo, California, on the 17th day of June, 2024.

Dorothy Gantt, City Clerk
City of San Pablo
Contra Costa County, CA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with Assessment and Assessment Diagram thereto attached was filed with the County Auditor of the County of Contra Costa on the 18th day of July, 2024.

Dorothy Gantt, City Clerk
City of San Pablo
Contra Costa County, CA

Zone F	Commercially zoned street with trees but not medians
Zone G	Commercially zoned street with medians and trees

INTRODUCTION

Background

In 1982 the City Council of the City of San Pablo adopted its Resolution No. 82-81 forming the “City of San Pablo Street Lighting and Landscape Assessment District No. 1982-1” (“the District”). The District was formed pursuant to the provisions of the California Streets and Highways code section 22500 through 22679. This section of the code is known as the “Landscaping and Lighting Act of 1972” and is hereafter referred to as the “Act.” On November 6, 1996 the citizens of San Pablo overwhelmingly adopted Measure J approving of the continuation of the levy and collection of assessments within the District. Assessments have been levied in each year since formation. Since 1996, assessment rates have remained the same.

The boundaries of the District shown on the map entitled Figure 1, “Boundary Map” included in Part A of this report are identical to the City incorporation line and all parcels within the City are in the District. The District currently provides funding for the service and maintenance of street lighting, street trees, sidewalk repairs, medians, street sweeping, and the maintenance of John Davis Park, Kennedy Plaza, Wanlass Park, Rumrill Park, San Pablo Youth Soccer Field and other small park facilities. Also included is the maintenance of recreational buildings including the buildings at Davis Park, Wanlass Park and the Senior Center and the cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti. Maple Hall was included in the list of buildings maintained prior to its demolition),The District’s annual maintenance cost is approximately \$2 million.

Since the adoption of Measure J, the City has installed and constructed a number of landscaping, lighting, park and recreation improvements throughout the City. These improvements have been completed pursuant to the City’s General Plan dated August 1996, the five-year Capital Improvement Plan and the Street Tree Planting Master Plan dated August 1995.

Assessments are levied in accordance with the estimated special benefits received by each parcel respectively from the improvements. The method of assessment is essentially the same as the method approved by the Council upon formation of the District in 1982 and modified by the Engineer and Council respectfully between 1983 and 1995 to reflect changes and addition in the scope of the improvements. Any future proposed increase in assessments would require a special report, mailed ballots and a public hearing proceeding pursuant to Section 4 of Article XIII D of the State Constitution and State Law.

The improvements which are the subject of this report are generally described as: “The maintenance or servicing of both existing and future public lighting facilities or landscaping, parks and facilities appurtenant thereto, and the installation or construction of public lighting or landscaping and/or the maintenance and servicing thereof, and facilities necessary or convenient for said maintenance and servicing.” Recent improvements include the Davis Park Tot Lot mat replacement and slide replacement, resurfacing of the Davis Park main playground mat, Wanlass Park playground mat resurfacing, Wanlass Park drinking fountain replacement, upkeep maintenance for the Urban Forestry Project of Wanlass Park, landscape and irrigation improvements at Wanlass and Brentz Lane Parks.

Authorization for Annual Report

In order to initiate proceedings for the levy and collection of assessments in the next fiscal year the City Council has adopted a resolution (attached) which generally describes proposed new improvements or any substantial changes in existing improvements and ordering the Engineer to prepare and file a report in accordance with Article 4 (commencing with Section 22565) of Chapter 1 of the Streets and Highways Code.

Engineer’s Statement

The undersigned being duly appointed as Engineer of Work for the San Pablo Street Lighting and Landscape Assessment District No. 1982-1, City of San Pablo, Contra Costa County, California, makes this report for the **2024-25** fiscal year (FY), as directed by the City Council, pursuant to Section 22585 of the Act. This report includes the following:

San Pablo Street Lighting and Landscape
Assessment District No. 1982-1
2024-25 FY

This introduction – a brief background of the District, reference to City Council authorization to prepare an annual report and the Engineer’s statement concerning the assessment.

Part A – The plans and specifications for the work. The plans and specifications provide a description of the general nature, location and extent of the existing and expanded improvements. They are included in this report by reference and include conceptual plans, maintenance specifications and schedules, streetlight maps and schedules, landscape maintenance policies and procedures to the extent that they exist. The plans and specifications are available for review in the office of Community Development Services and are included in this report by reference.

Part B – An estimate of the total cost to service and maintain the improvements. This total cost has been reduced by a contribution by the City which is intended to offset any general benefit.

Part C – The method utilized by the undersigned to identify the special benefits estimated to be received from the improvements.

Part D – An assessment of the estimated cost of the improvement on each benefited parcel of land within this assessment district. The assessment roll includes the amount of assessment for each parcel and is keyed to the assessment diagram by assessor’s parcel number as shown on the updated County tax roll. A complete copy of the roll including the owners name and the mailing address has been included separately with the copy of this report on file with the City Clerk.

Part E – A diagram showing all of the parcels of real property within this assessment district. Reference is made to the County Assessor’s Maps for the lines and details of the various lots and parcels included in the District.

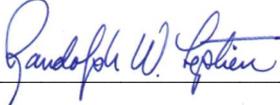

We do hereby assess the net cost to maintain improvements for the **2024-25** fiscal year upon the various parcels of land within the District in proportion to the estimated special benefits to be received, respectively, by each parcel from the improvements.

Amendment of Report

Amendment No. 1 to the report filed May 14, 2024 was approved by the City Council on June 17, 2024 and has been included in the Attachments. The revisions approved by the Council are indicated in “red” in this Amended Report.

Respectfully submitted,
LCC Engineering & Surveying, Inc.
Engineer of Work

 Date: May 14, 2024

Amended report submitted: July 2, 2024

PART A – PLANS AND SPECIFICATIONS (DESCRIPTION OF IMPROVEMENTS)

General

Assessments within the District have been authorized to fund the following:

“The maintenance or servicing of both existing and future public lighting facilities or landscaping, parks and facilities appurtenant thereto, and the installation or construction of public lighting or landscaping and/or the maintenance and servicing thereof, and facilities necessary or convenient for said maintenance and servicing.”

In FY 2024-25, new improvements or substantial changes in the improvements include the following:

- Street light improvements (replace streetlights atop signal lights to LED lights to save energy and improve safety)
- Replace baseball infields
- Construction of McNeil Park
- Construction of Bush Pocket Park
- Replace HVAC at Senior Center
- Replace roof at Community Center
- Replace missing light poles for safety of the public
- Median improvements
- Street tree maintenance/trimming

The locations of the various improvements and zones of improvements to be maintained are generally shown on Figure 1, the “Boundary Map” which follows this page. Improvements and zones are shown in more detail on the map entitled “Figure 2, Assessment Diagram and Map of Improvements” included in Part E of this report. Through the years improvements have included the installation, service, maintenance or replacement of the following: existing street trees, planting of new street trees, and replacement of damaged sidewalk caused by existing street trees; street light upgrades in selected locations; Wanlass Park, Maple Hall, the Senior Center, Brentz Lane Park and Davis Park recreational buildings and facilities appurtenant thereto; sidewalks providing access to parks; the pedestrian traffic signal for the Wildcat Creek Trail crossing of 23rd Street at University Avenue; entry monuments and way finding signage; median island improvements; San Pablo Youth Soccer Field; streetscape and landscaping on 23rd Street, San Pablo Avenue, El Portal Drive, and on San Pablo Dam Road; landscape improvements at the Rumrill Bridge; and creek restoration sites such as Wildcat Creek at 23rd Street and at Rumrill Boulevard, San Pablo Creek at Kennedy Plaza and at Road 20; median landscaping on San Pablo Avenue; sidewalk and landscaped parcels at the Rumrill Bridge.

The following paragraphs describe improvements other than routine maintenance that have been budgeted over the past nine fiscal years (FY):

FY 2015-16: Maintenance of Blume, Bunk and Teixeira Houses, Repair and replacement of roofs at the Blume, Bunk and Teixeira Houses, median island improvements, improvements to Davis Park Path, Improvements to Davis Park Restrooms and Concession Stand, irrigation improvements to 14th and 17th Street Pocket Parks and irrigation improvements to Wanlass Park demonstration forest.

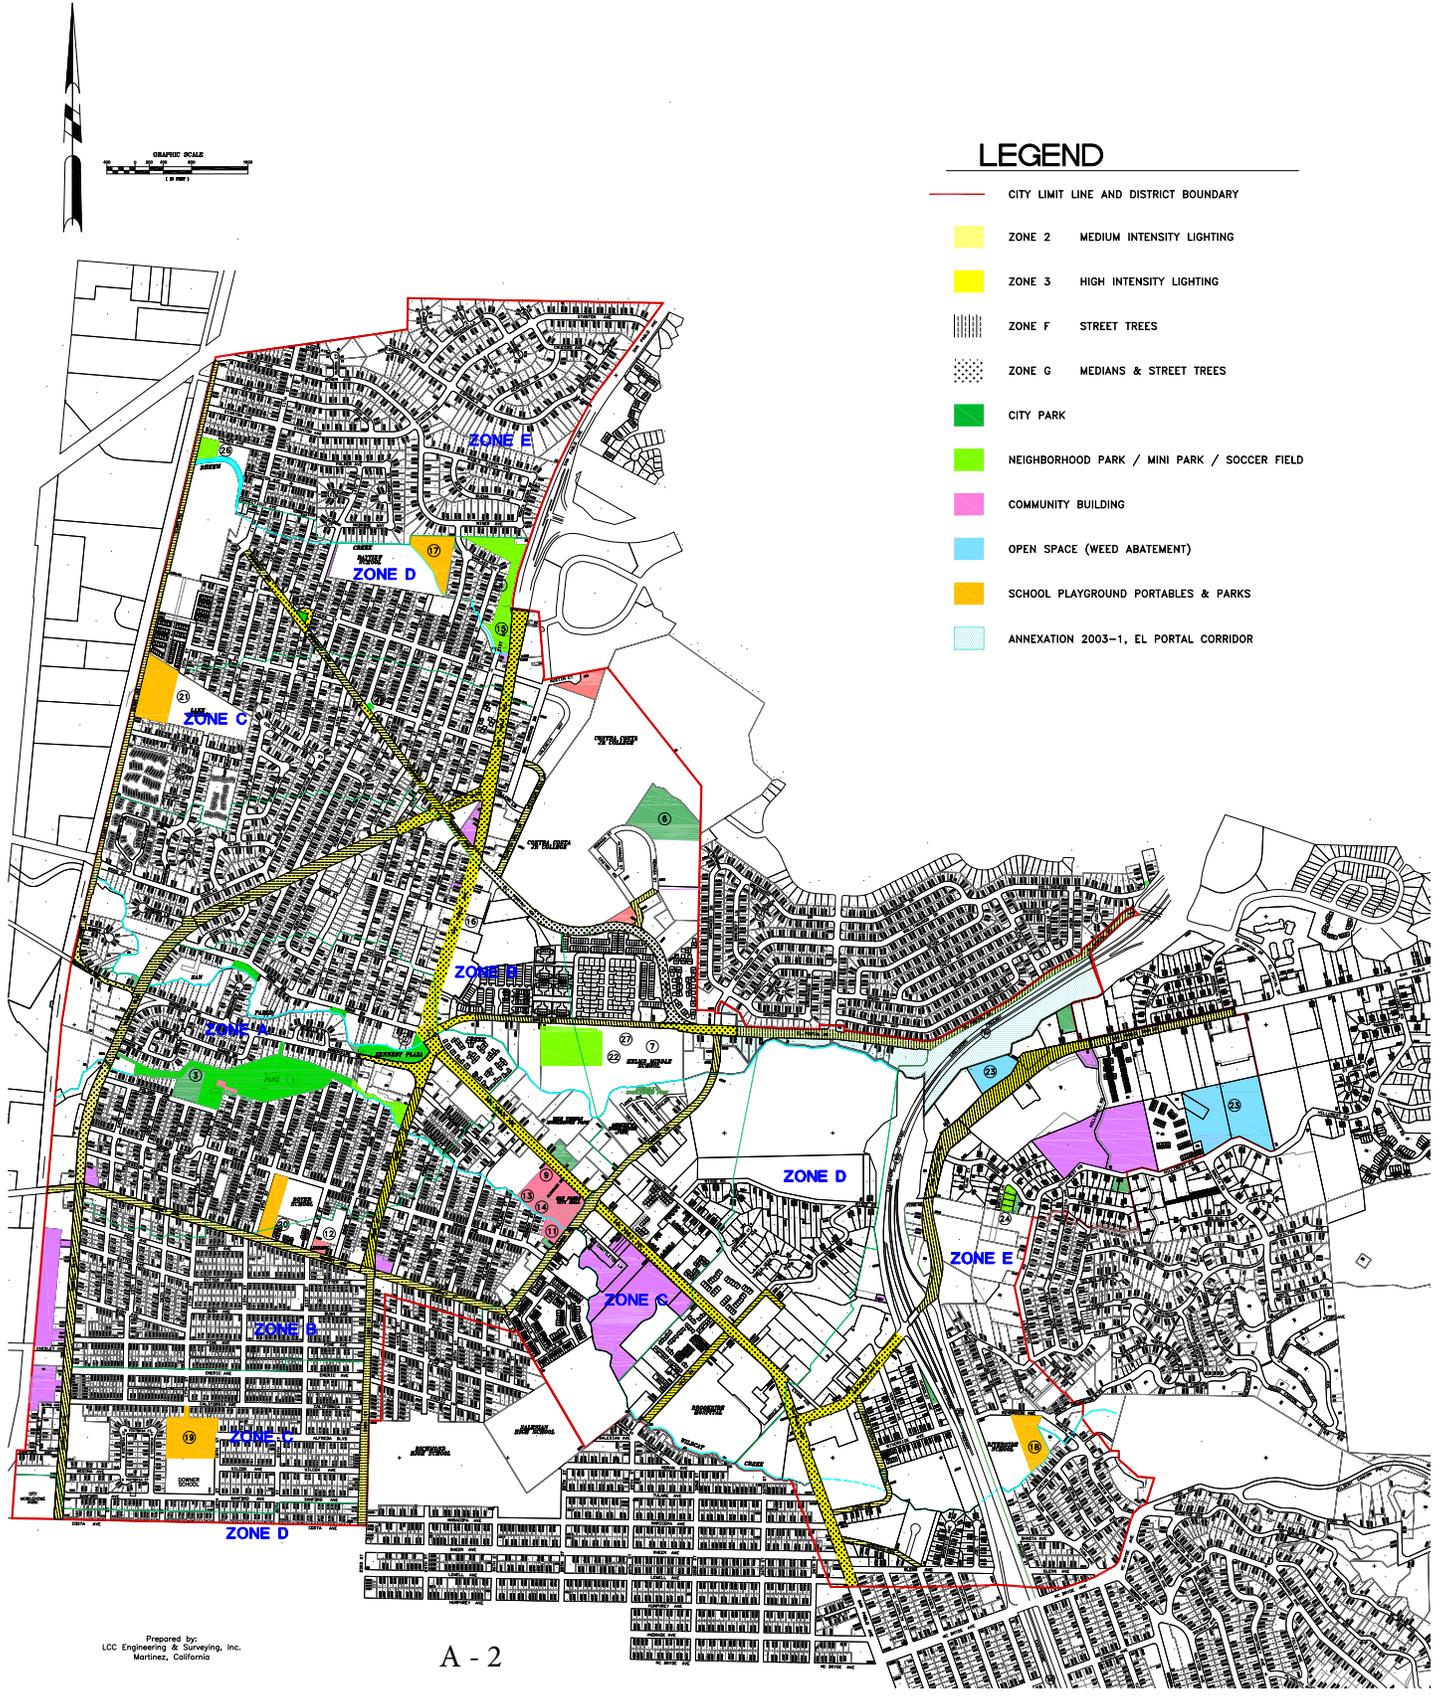

FY 2016-17: Lighting enhancements (upgrade exterior lighting for all City facilities, enhance lighting on El Portal West and retrofit of City streetlights to LED), median island improvements and street tree maintenance/trimming.

FY 2017-18: Lighting enhancements (upgrade exterior lighting for all City facilities, enhance lighting on El Portal West and retrofit of City streetlights to LED), median island improvements and street tree

maintenance/trimming. New Improvements for FY 2017-18 were: Wanlass Park irrigation installation for Urban Forrest, Church Lane Senior Center-Entry remodel, repave bad sections of Wildcat Creek Trail trails and replaced 3 picnic tables at Rumrill Park.

FY 2018-19: El Portal Urban Greening Landscape Project, plumbing repairs at Davis Park, renovation of interior Senior Center reception area, exterior paint maintenance of the Senior Center, median island improvements and street tree maintenance and pruning.

FY 2019-20: Wildcat Creek Greenway Trail development behind Plaza San Pablo, irrigation installation for Urban Forestry Project at Wanlass Park, replacement of picnic tables at Rumrill Park and landscape improvements at Davis and Rumrill Parks and Community Center.

FY 2020-21: streetlight improvements (additional illumination in various areas); concept design and community input for 1701 Bush Avenue new pocket park; Wanlass Park playground replacement and hydration stations at Davis and Wanlass parks. However, due to the economic downturn the City was not able to commit to funding these improvements at that time.

FY 2021-22: streetlight improvements (replace streetlights atop signal lights to LED lights to save energy and efficiency); replace missing light poles for safety of the public; landscape improvements along El Portal Drive, Median improvements; Street Tree Maintenance/Trimming; Landscape improvements at Davis Park, 17th Street Park, Broadway and Rivers Park, Wanlass Park and the San Pablo Community Center.

FY 2022-23: restoration and development of the streetlights to LED, Wanlass Park play structure pad replacement, engineering design for 1701 Bush Avenue Pocket Park, replace missing light poles, median improvements, street tree maintenance and trimming, landscape improvements to Davis Park, Rumrill Sports Park, Wanlass Park and the San Pablo Community Center

FY 2023-24: restoration and development of the streetlights to LED, engineering design for 1701 Bush Avenue Pocket Park, replace missing light poles, median improvements, street tree maintenance and trimming, landscape improvements to Davis Park, Rumrill Sports Park, Wanlass Park and the San Pablo Community Center

The cost to acquire and construct the facilities to be maintained has often been paid by sources other than the Assessment District. While the District pays for the maintenance costs associated with various park and recreation programs, the costs of the programs themselves are not supported with District funds.”

Documents Comprising Plans and Specifications

Because the services to be performed are primarily maintenance they generally do not require construction plans and specifications. The documents listed below are intended to fulfill the requirements of Section 22568 of the Act and generally describe the maintenance activities funded by the District:

- Conceptual plans included in this report
- Street lighting maps, detail lists, schedules and PUC schedules
- Street Tree Planting Master Plan
- Maintenance specifications, programs and policies for:
 - Landscaping
 - Medians and street trees
 - Graffiti abatement
 - Recreation buildings
 - Community and neighborhood park grounds
 - Weed abatement

- Creeks and trails
- Litter and debris removal
- Water, gas and electric company requirements, policies and specifications

These documents are available for review in the Community Development, Public Works Division office and are included in this Part A by reference. Locations of various improvements are shown on Figure 2.

Categories of Improvements

For the purpose of assessing the relative benefit received by property, the improvements to be serviced and maintained have been divided into the following categories:

1. Street Lighting

Zone 1 – The district provides funding for a minimum level of street lighting throughout the City (District). This lighting typical for residential neighborhoods consists of 70-watt bulbs located at intersections and at mid-block. Spacing of lights is approximately 500 feet.

Zone 2 – Industrial and some commercial districts have higher (100 or 150) watt bulbs spaced closer (typically 250 feet) intervals. These streets include: Giant Highway from the north City line to Brookside Road; Rumrill Boulevard from Brookside Road to the south City line; 23rd Street from Market Avenue to the south City line; Market Avenue from the west City line to Church Lane; Church Lane from Market Avenue to El Portal; El Portal from San Pablo Avenue to Rod 20; Road 20 from San Pablo Avenue to east of El Portal; San Pablo Avenue from El Portal to north City line; Contra Costa Avenue and Kirk Lane, and San Pablo Avenue from Eastshore Freeway to Princeton Plaza and from Princeton Plaza to east City line and Montaya Avenue.

Zone 3 – Commercial Districts require a higher level of lighting intensity (typically 4 each 150-watt bulbs every 500 feet). Zone 3 lighting is located on Broadway from 19th Street to Mission Avenue; San Pablo Avenue from Broadway to south City line; on 23rd Street, San Pablo Avenue to Market Avenue; Brookside Drive in front of Kennedy Plaza and on San Pablo Dam Road in front of Princeton Plaza and from San Pablo Avenue to Eastshore Freeway.

2. Landscaping

a. Medians

Landscaped medians are located on the following arterial streets: Broadway between 13th and 14th Streets; El Portal between San Pablo Avenue and Church Lane; San Pablo Avenue from El Portal to south City line; Brookside Drive in front of Kennedy Plaza; 23rd Street from San Pablo Avenue to Dover Avenue; Road 20 from San Pablo Avenue to 500 feet east, and San Pablo Dam Road from San Pablo Avenue to Eastshore Freeway and in front of Princeton Plaza.

b. Street Trees

Street trees (without medians) are located on Rumrill Boulevard from south City line to San Pablo Avenue; Broadway from 11th Street to San Pablo Avenue; San Pablo Avenue from 23rd Street to San Pablo Dam Road and in various residential neighborhoods.

c. Parks and Miscellaneous Landscaping

John Davis Park and miscellaneous areas of maintenance include the Broadway Avenue mini parks, Kennedy Plaza, Wildcat Creek Trail and the open space on San Pablo Dam Road and Hillcrest Road.

d. Recreation Centers

Recreation Centers are located at Davis Park, and San Pablo Senior Adult Center, Wanlass Conference

Center, Recreation Building and Blume House. Centers are not available during scheduled San Pablo Recreation Division programs. Other community facilities are listed on the map which sponsor community activities and may be available for public use. Prior to its demolition, Maple Hall was known throughout the Bay Area as one of the finest locations for wedding receptions. The Hall was surrounded by beautifully landscaped gardens with fountains and Spanish style courtyards.

History of Projects

Public Works projects constructed during the past 20 years include landscape, lighting, park or recreation elements that are maintained by the District. These projects are listed below by their public works (PW) number.

Public Facilities Projects

- PW 238 Davis Park creek bank restoration @ play structure, year 2¹
- PW 247 El Portal sidewalk project fronting Contra Costa College, year 3
- PW 332 San Pablo Avenue sidewalk construction, Rivers St. to Lancaster St., year 5
- PW 333 Broadway tree grates, year 3
- PW 334 El Portal Dr. east median island landscaping, year 3

Transportation Projects

- PW144 San Pablo Ave north roadway reconstruction, year 1
- PW 249 Rumrill boulevard landscaping
- PW 264 San Pablo Dam Road reconstruction I-80 to Morrow Dr., year 3
- PW 300 Brookside Dr/Giant Road realignment
- PW 301 Riverside Roadway Reconstruction, year 2 & 3
- PW 302 Bayview Roadway Reconstruction Phase I, year 3 & 4
- PW 303 Bayview Roadway Reconstruction, Phase II, year 7
- PW 304 LeRoy Heights roadway reconstruction
- PW 305 Broadway central roadway reconstruction, year 6
- PW 306 Market Street curve roadway reconstruction, year 5
- PW 307 Church Lane east road reconstruction, SP Ave to El Portal, year 4
- PW 309 Alvarado Roadway reconstruction, year 6 - 10
- PW 312 Road 20 roadway reconstruction SP Ave to Rumrill, year 4
- PW 313 Sanford Ave Widening 18th St to 23 rd St, year 6 - 7
- PW 314 Wilcox Ave widening project, year 6-7
- PW 316 23 rd St revitalization project/public right of way
- PW 318 Willow / Ridge roadway reconstruction, Ridge Rd, Willow Rd & Vale Rd., year 6-7
- PW 319 Castro St / Moraga Ave roadway reconstruction, year 5
- PW 320 Brookside Dr. east reconstruction, year 6
- PW 369 Rumrill Blvd. median island at MacArthur Ave, year 6
- PW 370 San Pablo Ave left turn/ median opening between Van Ness & 23 rd, year 5

Quality of Life Projects

- PW 185 Maple Hall Footbridge and parking lot, year 1
- PW 219 Wildcat Creek trail, Davis Park to 23 rd St., year 1 & 2
- PW 225 23 rd St Park @ Wildcat Creek, year 3
- PW 274 Wildcat Creek trail construction, Rumrill Blvd to Davis Park, year 1
- PW 279 Humboldt Ave Park, year 5
- PW 297 Wildcat Creek Restoration @ 23 rd St.
- PW 310 Wildcat Creek restoration @ Maple Hall. Church Lane to Blume House, year 6
- PW 326 Wildcat Creek trail crossing @ Rumrill Blvd., year 6
- PW 338 Housing Initiative tree installation, year 2

1. The year number refers to the 5 year (1997/98 to 2001/02) C.I.P.

- PW 340 San Pablo Ave tree replacement, San Pablo Dam Rd. to 23 rd St., year5
- PW 342 Davis Park / 20th St. parking lot, year 2
- PW 343 Davis Park concession stand and bathrooms renovation, year 2
- PW 344 University Ave park restoration, year 3
- PW 353 Kennedy Plaza courtyard improvements, year 6
- PW 360 El Portal soccer field reconstruction, year 3
- PW 362 Davis Park creek trail lighting, year 4 & 5
- PW 368 Wildcat Creek trail crossing at Amador St., year 3

Recreation Division Program Enhancements

In addition, the following recreation division program enhancements (a few are listed above as public works projects) are maintained with District funds. These include:

- The maintenance of the new Helms Middle School soccer field renovation
- An addition to the existing Senior Center at 1943 Church Lane
- Contra Costa Childcare Center
- Eastside Brentz Lane) tot lot and mini park
- Wanlass Conference Center & Park (Grand Opening was held Saturday, March 3, 2012)
- Mural at Davis Park
- Bunkhouse Repair/Exhibit Farm Equipment
- Sand Volleyball Pit at Davis Park
- Playground portables at all five elementary school sites
- Davis Park restrooms at the Davis Park senior center
- San Pablo Teen Center at 2101 Market Avenue Library Conversion
- Playground parks at all five elementary schools

Public Works Projects in Recent Years

Public Works projects that were constructed or first maintained the years indicated below include:

2012-13 FY and 2013-14 FY:

- Construction of Helms Community Center
- New handicap ramps on Brookside Drive providing ADA access to Davis Park
- New landscaping at City Hall courtyards

2014-15 FY:

- Wildcat Creek Trail between Davis Park and 23rd Street
- New pedestrian traffic signal on Market Avenue at 19th Street
- San Pablo Community Center at Helms Middle School

2015-16 FY:

- Rumrill Sports Park (Former BNSF Site)
- Drought tolerant vegetation and low water irrigation systems
- Maintenance of Blume, Bunk and Teixeira Houses
- Median island improvements
- Improvements to Davis Park
- Improvements to Davis Park Restrooms and Concession Stand
- Irrigation improvements 14th and 17th Street Pocket Parks

2016-17 FY:

- Lighting enhancements

San Pablo Street Lighting and Landscape
Assessment District No. 1982-1
2024-25 FY

- Upgrade exterior lighting for all City facilities
- Enhance lighting on El Portal (West)
- Retrofit of City streetlights to LED
- Median Island Improvements
- Street Tree Maintenance/Trimming

2017-18 FY:

- Upgraded exterior lighting for all city facilities
- Median island improvements, street tree maintenance and pruning
- Wanlass Park irrigation installation for Urban Forrest
- Retrofit City streetlights to LED
- Church Lane Senior Center-Entry remodel
- Repave bad sections of Wildcat Creek Trail trails and replaced 3 picnic tables at Rumrill Park

2018-19 FY:

- El Portal Urban Greening Landscape Project
- Plumbing repairs at Davis Park
- Renovation of interior Senior Center reception area
- Exterior paint maintenance of the Senior Center
- Median island improvements and street tree maintenance and pruning

2019-20 FY:

- Wildcat Creek Greenway Trail development behind Plaza San Pablo
- Irrigation installation for Urban Forestry Project at Wanlass Park
- Replacement of picnic tables at Rumrill Park
- Landscape improvements at Davis and Rumrill Parks and Community Center

2023-24 FY:

- HVAC replacement at the Senior Center (continued to 24-25)
- Roof replacement at the Community Center (continued to 24-25)

Photographs of various projects and locations discussed in the preceding paragraphs have been included on the following pages:

PART B – ESTIMATE OF COST

Summary Cost Estimate

The revenue and expenditures for the District are accounted for in fund 237, department 3610 of the City Budget.

Section 22569 of the Act provides that the estimate of the costs of the improvements for the fiscal year contain estimates for all of the following:

- (a) The total costs for improvements to be made that year, being the total costs of constructing or installing all proposed improvements and of maintaining and servicing all existing and proposed improvements, including all incidental expenses.
- (b) The amount of any surplus or deficit in the improvement fund to be carried over to the next fiscal year.
- (c) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.
- (d) The amount, if any, of the annual installment for the fiscal year where the legislative body has ordered an assessment for the estimated cost of any improvements to be levied and collected in annual installments.
- (e) The amount of the anticipated balance forward from the previous year.
- (f) The net amount to be assessed upon assessable lands within the assessment district, being the total improvement costs, as referred to in subdivision (a), increased or decreased, as the case may be, by any of the amounts referred to in subdivision (b), (c), or (d).

A summary of the estimated District costs and net amount to be assessed for the 2024-25 FY is indicated on Table 1. The costs have been divided into the two (2) basic areas of service: 1) Street Lighting and 2) Landscaping. The total cost has been reduced by a contribution that will be made by the City. This contribution is intended to exceed and offset any benefit not linked to special property benefit. Table 1 lists these amounts for each category of service and maintenance.

		Lighting	Landscaping	Total
(a)	Total Estimated Expense	\$ 350,616.62	\$ 1,502,709.38	\$ 1,853,326.00
(b)	Plus estimated balance, 6/30/25	\$ 2,216.93	\$ 6,851.44	\$ 9,068.37
(c)	Less Contributions	\$ (149,569.01)	\$ (881,371.85)	\$ (1,030,940.86)
(d)	Plus Investment Payments	\$ -	\$ -	\$ -
(e)	Less Estimated. Balance 7-1-24	\$ 8,144.45	\$ 25,170.43	\$ 33,314.88
(f)	Net Amount to be Assessed	\$ 211,408.99	\$ 653,359.40	\$ 864,768.39

**Table 1
 Summary Cost Estimate and Net Amount to be Assessed**

FY 2024-25 expenses are estimated to be \$1,853,326. A negative balance of approximately \$33,315 is anticipated to be carried forward from the 2023-24 FY and a balance of approximately \$9,068 is estimated at the end of FY 2024-25. A contribution of approximately \$1.031 million dollars is required to fully fund the FY 2024-25 program. No investment payments have been authorized or scheduled by the Council.

Detailed Cost Estimate

The cost to maintain current street lighting, landscaping, park and recreation facilities described in Part A is shown on Table 2. The table lists:

- a statement of the expense by budget category for FY2023-24 as indicated in the City's Annual Comprehensive Financial Report (ACFR) 2022-23
- a projection of expenditures for FY 2023-24 using the previous year's budget estimate and expenditures to date, and
- an estimate of the District costs for the 2024-25 FY based upon the budget for fund 237, department 3610.

This cost estimate shows the Beginning Balance, Revenues, Expense and Estimated balance at the end of the next fiscal year. The expense amounts are listed by category and expense code.

The balance at the end of each year, if any, is carried forward to be used as a credit against future assessments. The Section 22569(a) of the Act provides that the balance in the fund should not exceed the estimated cost of maintenance and servicing improvements between July 1st and the time that the City expects to receive the first installment of the annual tax revenue from the County Auditor. Assuming that revenues are received on January 1st, this amounts to approximately 50% of the annual budget.

TABLE 2 - ESTIMATE OF COST

PART C – METHOD OF ASSESSMENT

Introduction

The total estimated cost of servicing and maintaining public lighting and landscaping facilities for the **2024-25** FY has been apportioned among the properties within the District in accordance with the estimated special benefits received by each parcel, respectively, from the improvements to be made. The method of assessment is essentially the same as that which was adopted by the Council upon formation of the district in 1982 and as further approved by the voters in 1996.

The City of San Pablo continues to be a very desirable place to work and live. San Pablo combines a diverse and rich cultural heritage with a strong sense of civic pride. Landscaping, lighting, park, and recreational facility maintenance is of the utmost importance to the community. Perhaps the special benefits received by properties are best evaluated in terms of the losses that would occur if the District maintenance activities were suspended or terminated. The reduction in the quality of life would be significant. In contrast to the current conditions, one would find parks without lights, play fields and turf areas parched from lack of water, littered and unkempt, community facilities in need of paint, with broken windows, debris, graffiti and landscaping overtaken with unabated weeds. The resulting losses in terms of the community's desirability would be significant.

These special benefits from Street Lighting and Landscaping improvements are further described and apportioned as follows:

Street Lighting

Special Benefit

Street lighting on public streets enhances the safety, security, and appearance of the fronting properties. Frontage (length) is a good measure of benefit because each lighting improvement lights only a fixed length of frontage. A lighting benefit unit may be said to represent the estimated lighting benefit for 1 foot of residential frontage lighting. Street lighting increases security for homeowners and improves the appearance of property frontage during the hours of darkness. Street lighting also improves safety for motorists and safety for pedestrians. Security and appearance are property benefits. Traffic and pedestrian safety are related to parcel use or occupancy. Increased levels of lighting are required for increased use. Commercial streets require more lighting than residential streets for safety and to increase attractiveness to potential customers. Lighting fixtures on commercial streets are higher intensity and more frequently spaced than those along residential streets. Lighting fixtures in residential areas are observed to be spaced at intervals of 500 feet. Lighting on commercial collectors is observed to be spaced approximately at intervals of 250 feet. Parcels on these streets receive twice as many lighting benefit units per foot as do parcels on residential streets. Parcels on commercial arterial streets have lighting spaced at approximately 125 foot intervals and the fixtures are often of higher intensity. Parcels on commercial arterials receive four times as many benefit units per foot as residential parcels.

The special benefit received from street lighting was therefore presumed to be proportional to (1) the parcel's frontage and (2) the intensity of the street lighting fronting the parcel. Zones of lighting benefit and benefit factors were established as shown in Table 3.

<u>Zone</u>	<u>Location</u>	<u>Typical Light Spacing</u>	<u>Street Lighting Benefit Factor</u>
1	Residential Streets	500 front ft	1
2	Commercial Streets	250 front ft.	2
3	Commercial Streets	125 front ft.	4

TABLE 3
Street Lighting Benefit Factors by Zone

Street Lighting Benefit Units

Single family residential parcels with less than 40 feet of frontage are assessed for 40 feet. Parcels with 41 to 50 feet of frontage are assessed for 46 feet; parcels with from 51 to 60 feet are assessed for 56 feet, etc. Commercial and other types of land use are also assessed by the front foot. Three categories of lighting intensity are identified. These are residential, lower level commercial and higher level commercial. The assessments per front foot of lighting for zones 1, 2 and 3 are made in the ratio of 1:2:4 respectively representing the approximate cost to provide the relative levels of lighting

Based upon benefit factors not in Table 3 as noted above, street lighting benefit units (SLBU) were calculated for other properties as shown on Table 4.

<u>Zone</u>	<u>Use</u>	<u>Intensity</u>	<u>Frontage</u>	<u>Assessed Frontage</u>	<u>Street Lighting Benefit Units</u>
1	Residential	Low	0 - 40	40	40 per parcel
1	Residential	Low	41 - 50	46	46 per parcel
1	Residential	Low	51 - 60	56	56 per parcel
1	Residential	Low	61 - 70	66	66 per parcel
1	Residential	Low	71 - 80	76	76 per parcel
1	Residential	Low	81 - 90	86	86 per parcel
1	Residential	Low	91 - 100	96	96 per parcel
1	Residential	Low	> 101	Actual	1 per foot
2	Commercial	Medium		Actual	2 per foot
3	Commercial	High		Actual	4 per foot

TABLE 4
Street Lighting Benefit Units by Zone

Exceptions

1. Corner lots were not assessed for the first 100 feet of side street frontage.
2. The frontage for a condominium was determined by dividing the total frontage for the complex by the number of units in the complex.
3. Unusual parcels with disproportional frontages were assessed on an individual basis according to the judgment of the engineer.
4. The lighting assessment on Vale Road, for Assessor’s parcel number 417-190-018, was waived due to the limited depth of this parcel.
5. Assessments for properties are based upon the lighting zone indicated on the assessment diagram except that single family residential parcels were not assessed for the increased cost to provide street lighting on Commercial Streets.
6. Beginning in fiscal year 1997-98, the zone designation on 23rd Street south of Market, was revised to zone 2 from zone 3.
7. Beginning in fiscal year 2009-10, assessments for commercial parcels in Tract 8575 and Tract 9049 (College Center) were calculated by totaling the frontage shown on the County Assessor’s maps and then prorating according to parcel area.
8. Vacant parcels were assessed at one-half the applicable rate.
9. Where parcels have multiple lighting frontages in more than one lighting zone, the SLBU were calculated by summing the Street Lighting Benefit Unit for each zone.
10. ~~Beginning in fiscal year 2015-16, Assessor’s Parcel Number 417-310-002, is part of the San Pablo Plaza Development currently under construction and will be assessed the vacant rate for lighting Zone 3 Amend#1,2024~~
11. Supportive housing (mini housing units) introduced in 2024 is assessed for frontage benefit only.

Lighting Rates

The total cost to provide street lighting maintenance was divided by the total SLBU and Lighting rates per foot were established for each lighting zone as shown on Table 5.

ZONE	DESCRIPTION	Street Lighting Rate per foot	
		2021-22	2022-23
1	Residential Lighting	\$ 0.37	\$ 0.37
2	Commercial Lighting	\$ 0.74	\$ 0.74
3	Commercial Lighting	\$ 1.48	\$ 1.48

TABLE 5 - Rates per Street Lighting Benefit Unit by Zone

Exceptions#10 and 11, amended by Amendment#1, 6/17/2024

Landscaping

Special Benefit

1. **Medians** The maintenance of landscaped medians on public streets improves the appearance of private property. Landscaping not maintained will perish and the cost of replacement may be prohibitively expensive. Plantings not maintained are weakened and are more vulnerable to damage from passing vehicles, exhaust, litter and debris. Median plantings are susceptible to daily wear and tear from exposure to adjacent traffic and the greater the traffic flow the greater the exposure. Therefore, increased visibility generally requires increased levels of service. Median landscaping that is maintained contributes to a positive image in the commercial areas of the District while median landscaping that is not maintained encourages a negative image. Landscaping on public streets that is maintained is therefore of benefit to nearby properties. Increased levels of maintenance are a function of parcel use.

Landscaped medians are located on the commercially zoned arterial streets identified in Part A. These medians are of increased benefit to the fronting properties that are designated commercial and multifamily residential, but not to single family residential properties which benefit more from landscaped medians on residential arterials.

2. **Street Trees**

Street trees are located on residential and commercially zoned arterial streets. The City's Street Tree Planting Master Plan, dated March 1995, calls for the planting of street trees on all residential and commercial streets within the City. Tree planting has been and will continue to be funded by sources other than the District. The maintenance costs are funded by the District and from year to year will vary in each neighborhood. In the long run costs will average out as young trees require increased levels of maintenance and watering while older, mature trees require less. Street trees, as well as landscaped medians, improve the quality of their surrounding neighborhood or commercial area. Therefore, street trees are perceived to have special benefit to those locations. The maintenance of street trees is considered to benefit all property in the City.

3. **Park and Recreation Facilities**

- a. **Neighborhood Park, Landscaping and Open Space Maintenance** Maintenance of neighborhood parks and landscaping provide "passive" recreational opportunities and improve the appearance of their neighborhoods. Little or no maintenance of neighborhood facilities adversely affects the appearance being of the surrounding area. These facilities are generally closer to individual neighborhoods than are Community parks which offer team sports and recreation programs.

- b. **Community Park and Recreation Maintenance** Maintenance of community park and recreation centers provide for "active" recreational opportunities for all properties. These community facilities are of easy driving access to all citizens and are particularly geared toward participation by groups of people in organized recreation events, many of which are identified in Part A.

Adults of all ages, youth, school children, senior citizens and the physically challenged all benefit from the serenity that a visit to the park may bring. Activities such as bird watching, reading, leisurely walks, sketching, painting, observing nature, or perhaps watching a youth sporting event may be enjoyed by all members of the community.

The California Research Bureau conducted a survey of selected California Counties to determine effects of the 1993 "Education Revenue Augmentation Fund" on local budgets. Although each County was found to

be unique, they shared some common effects from fiscal stress. Linkages or secondary effects appeared or in other words, cutbacks in certain programs resulted in increased demand for other services. Cutbacks in recreation programs affected local law enforcement and county jails. Lake County officials reported the elimination of the county recreation program in 1992-93 increased free time for juveniles resulting in more kids getting into trouble after school. They also reported handling more cases involving unsupervised juveniles during that time. Los Angeles County officials emphasized the importance of parks and recreation programs for youth and the role these amenities play in the prevention and reduction in crime.¹

Recreation activities, whether publicly sponsored programs, or those programs that rely on volunteers such as Little League or Youth Soccer Organizations, are and will continue to be a major deterrent to juvenile crime. The new fields and recreation programs will be of benefit to youth, and to adults through community leagues available to residents, churches, lodges, public agencies and businesses. Joint development, use, and maintenance of fields and other school facilities by the School District and the City is of special benefit to residents and businesses alike.

Individuals and groups other than organized sport teams also use park and recreation facilities. Facilities at both community and neighborhood park levels provide active recreational opportunities for adults, children, senior citizens, organizations, families, businesses, and public agencies.

Little or no maintenance, even deferring maintenance for a period of only 3 or 4 years of facilities, restrooms, irrigation systems, picnic tables, etc., could result in a critical need for improvement, such as that experienced by Merced County.²

Well maintained park and recreation facilities make the community a more desirable place to reside and to work. The facilities maintained or to be maintained include: John Davis Park, Kennedy Plaza, Wildcat Creek Trail, Wanlass Park, Rumrill Park, San Pablo Youth Soccer Field among a few other small park facilities..

Medians and street trees on commercially zoned streets are also assessed according to parcel frontage. Commercial parcels with no fronting medians are assessed 50% of the assessment for parcels that front medians.

The maintenance of the grounds at the John Davis community park and the medians and street trees on residential arterial streets are assessed to residential properties based upon the number of residential units and upon the relative distance to the park. Five zones of distance in 1/4-mile increments are identified. Parcels within 1/4 mile are assessed 1.0 unit of benefit. Residential assessments decrease by 0.1 unit for each 1/4 mile of increase in distance to the park. Residential parcels more than 1 mile from the park are assessed 0.5 units. Half of the benefit from the Community Park is thus said to be of equal benefit to all residential units in the City, regardless of the distance to the park. The other half, representing the neighborhood value of the park is said to be inversely related to the distance to the park.

The maintenance of the recreational buildings including the Senior Center, Wanlass, San Pablo Community Center at Helms Middle School and at Davis Park are assessed to residential and commercial parcels roughly in proportion to the overall ratio of the residential to commercial property in the City. Approximately 2/3 of this cost is assessed to the residential community based upon the number of residential units and the proximity to Davis Park. The remaining 1/3 is assessed to commercial property in proportion to parcel frontage.

1. Jennifer Swenson, County Services: A Tale of Eight Counties, California Research Bureau, February 1999.

Residential landscaping costs were identified as (a) the cost to maintain John Davis and other City Parks including building maintenance at each, (b) Landscaping on residential streets, (c) 2/3 of the cost to maintain landscaping at City Hall, the Library and Senior Center, (d) 2/3 building maintenance cost for Senior Center, Wanlass, San Pablo community Center at Helms Middle School and (e) incidental expense. The benefit derived from residential landscaping was said to be (1) inversely proportional to proximity of the parcel to John Davis Park and (2) directly proportional to the number of residential units.

Residential Landscape Zones

Five zones of residential landscaping and associated benefit factors were identified as follows:

<u>Zone</u>	<u>Location</u>	<u>Residential Landscape Benefit Factor</u>
A	0 - 1/4 mile from Davis Park	1.0
B	1/4 - 1/2 mile from Davis Park	0.9
C	1/2 - 3/4 mile from Davis Park	0.8
D	3/4 - 1 mile from Davis Park	0.7
E	over 1 mile from Davis Park	0.6

TABLE 6
Residential Landscape Benefit Factor by Zone

Residential landscaping assessments were computed by multiplying the number of assessed units by the residential landscape zone rate, i.e.:

$$R = r \times n \text{ where,}$$

r = residential land zone rate
 n = number of assessed units

For single family residential parcels n was said to be 1. For vacant parcels on residential streets n was said to be 0.5. For multifamily residential parcels on residential streets:

$$n = 0.75a + 0.50b \text{ where,}$$

a = number of units from 2 through 20
 b = number of units greater than 20

For multifamily residential parcels on Commercial Streets, the number of assessed units was computed to be:

$$n = 0.60a + 0.40b$$

Non-residential parcels were not assessed for the costs to provide residential landscaping.

Exceptions

1. Single family residential parcels were not assessed for the cost to provide landscaping on Commercial Streets.
2. Multifamily residential units on Commercial Streets were presumed to benefit from commercial landscaping and were assessed accordingly.
3. Commercial properties located on Residential Streets were assessed as landscape Zone F.

3. Commercial properties located on Residential Streets were assessed as landscape Zone F.
4. Parcels with commercial responsibility codes were assessed for the frontage shown on the County Assessor’s maps. Corner lots were not assessed for the first 100 feet of side street frontage.
5. Vacant parcels were assessed at one-half the appropriate rate.
6. Assessments for certain blocks of parcels were calculated by totaling the frontage shown on the County Assessor’s maps and then prorated according to parcel area.
7. Beginning in fiscal year 2009-10, assessments for commercial parcels in Tract 8575 and Tract 9049 (College Center) were calculated by totaling the frontage shown on the County Assessor’s maps and then prorating according to parcel area.
8. Unusual or exceptional parcels or parcels with disproportionate frontages were assessed according to benefit received as determined by the Engineer of Work.
9. Parcels with multiple frontages and with different zones of improvements were assessed from the sum of the products of the Landscape Benefit units for each frontage.
10. ~~Beginning in fiscal year 2015-16, Assessor’s Parcel Number 417-310-002, is part of the San Pablo Plaza Development currently under construction and will be assessed the vacant rate for landscaping Zone 4. Amend#1, 2024~~
11. Supportive housing (mini housing units) introduced in 2024 is assessed for frontage benefit only.

Commercial Landscape Zones

Commercial landscaping costs were identified as (a) the cost to maintain landscaping on Commercial Streets, (b) the cost to maintain Kennedy Plaza, (c) 1/3 of the cost to maintain landscaping at City Hall, the Library and Senior Center (d) 1/3 of building maintenance cost for Senior Center, Wanlass, San Pablo Community Center at Helms Middle School and (e) incidental expense. Commercial Landscaping was said to benefit parcels on Commercial Streets in proportion to (1) the parcels frontage and (2) the zone of commercial landscape service.

Two zones of Commercial Landscape service and associated benefit factors were identified on the assessment diagram.

<u>Zone</u>	<u>Location</u>	<u>Commercial Landscape Benefit Factor</u>
F	Commercial Streets without Landscaped Frontage	0.5
G	Commercial Streets with Landscaped Frontage	1.0

TABLE 7
Commercial Landscape Benefit Factor by Zone

Exceptions#10 and 11, amended by Amendment#1, 6/17/2024

Landscape Benefit Units

Based on an observation of the relative cost to provide landscaping services in residential and commercial zones, landscape benefit units (LBU) were calculated and are shown in Table 8 below:

<u>Zone</u>	<u>Description</u>	<u>Intensity</u>	<u>Location</u>	<u>Landscape Benefit Units</u>
A	Residential	Low	0 - 1/4 mile from Davis Park	1.0 per n
B	Residential	Low	1/4 - 1/2 mile from Davis Park	0.9 per n
C	Residential	Low	1/2 - 3/4 mile from Davis Park	0.8 per n
D	Residential	Low	3/4 - 1 mile from Davis Park	0.7 per n
E	Residential	Low	over 1 mile from Davis Park	0.6 per n
F	Commercial	Low	Street Trees without medians	0.05122 per ft.
G	Commercial	Low	Street Trees with developed medians	0.10244 per ft.

TABLE 8
Landscape Benefit Units by Zone

Landscape Rates

The total cost to provide landscaping maintenance was divided by the total number of LBU and Landscape Rates per assessed dwelling unit (n) or foot were established for each Zone as shown on Table 9.

<u>Zone</u>	<u>Description</u>	<u>Location</u>	<u>Landscape Rate</u>	
A	Residential	0 - 1/4 mile from Davis Park	\$ 71.65	per n
B	Residential	1/4 - 1/2 mile from Davis Park	\$ 64.49	per n
C	Residential	1/2 - 3/4 mile from Davis Park	\$ 57.32	per n
D	Residential	3/4 - 1 mile from Davis Park	\$ 50.16	per n
E	Residential	over 1 mile from Davis Park	\$ 42.98	per n
F	Commercial	Street Trees	\$ 3.67	per ft.
G	Commercial	Street Trees with developed medians	\$ 7.34	per ft.

TABLE 9
Rates per Landscape Benefit Units by Zone

Total Assessment

The total assessment for each parcel reflecting the parcels special benefit from public lighting and landscaping is equal to the sum of the street lighting assessment from Table 5 and the landscape assessment from Table 9 expressed mathematically as:

$$T = S + L \text{ where,}$$

T = total amount assessed
 S = street lighting assessment (Table 5)
 L = landscape assessment (Table 9)

The total assessment appears in Part D, "Assessment." The total amount is the special assessment that appears on the property tax bill for each parcel, respectively.

Property Not Specially Benefited and Not Assessed

Public agencies benefit from street lighting and landscaping improvements much the same as do commercial properties in that they provide a service. In so doing they employ people and attract patrons. The benefits are similar to those for commercial properties; however, because of the nature of their use to which these properties are indefinitely committed, they do not pass as freely in the marketplace and therefore are not assessed.

Parks and public open space do not benefit from the maintenance of streetlight and landscaping improvements in that the maintenance is performed for the benefit of and accrues to the surrounding properties. Parks and open space are, therefore, not assessed. Lands which are designated as unbuildable by the County Assessor are treated as open space and not assessed.

Public streets, rights of way, utility easements, railroad tracks, do not benefit and have not been assessed. Utilities were assessed to the degree that they may benefit.

The assessment for common areas associated with residential and commercial condominiums has been included in the assessment for the various condominium units. Common areas are, therefore, not assessed.

PART D - ASSESSMENT

This assessment within the existing District is for the **2024-25 FY**.

- (a) The net amount, determined in accordance with the California Streets and Highways Code Section 22569, to be assessed upon assessable lands within the assessment districts shown in Table 2.
- (b) The assessment has been made upon the various parcels of land shown on the Assessment Diagram incorporated as Part E of this report. The assessment numbers are the assessor’s parcel number as they appear on the last equalized roll of the County Assessor or as known to the City Clerk.
- (c) The assessment is made in the net amount upon all assessable lots or parcels of land within the district by apportioning that amount among the several lots or parcels in proportion to the estimated benefits to be received by each lot or parcel respectively from the improvements.

The assessment refers to the County assessment roll for a description of the lots or parcels, in which case that roll shall govern for all details concerning the description of the lots or parcels. The net amount to be assessed upon lands within the District has been apportioned according to the method described in Part C and fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

Sample Assessment

Property Description	Assessed Frontage (ft.)	Lighting Zone 1 Amount	Landscape Zone C Amount	Total Assessment
Residential (SFR)	46 ft.	Assessed ft. x Lighting Zone Rate = 46 ft. x \$0.37 per ft. = \$17.02	n x Landscape rate = \$57.32	Lighting Amount + Landscape Amount = Total Assessment \$17.02 + 57.32 = \$74.34

Property Description	Assessed Frontage (ft.)	Lighting Zone 3 Amount	Landscape Zone G Amount	Total Assessment
Commercial	120 ft.	Assessed ft. x Lighting Zone Rate = 120 ft. x \$1.48 per ft. = \$177.60	Assessed ft. x Landscape Zone Rate = 120 ft. x \$7.34 per ft. = \$880.80	Lighting Amount + Landscape Amount = Total Assessment \$177.6 + 880.80 = \$1,058.40

The assessment for each parcel is indicated on the Assessment Roll of the report under the column captioned “Amount.” A summary of the assessments by land use category is shown in Table 10.

The Amended Assessment Roll consisting of **159 pages** follows Table 10. The Assessment Roll is a list of each parcel within the District that includes the following:

- (a) Identification Number (ID No.)
- (b) Assessment Number (Assessor's Parcel Number)
- (c) Property Street Address
- (d) County Use Code
- (e) District Use Code
- (f) Assessment for each parcel

An Amended Property Owner List which consists of 212 pages and includes the name and mailing address of the owner of record of each parcel as shown on the Assessor’s roll through March of 2024 is available for viewing in the office of the City Clerk.

PART E – ASSESSMENT DIAGRAM

Description

The diagram for the District shows (a) the exterior boundaries of the assessment district, (b) the boundaries of any zones within the district, and (c) the lines and dimensions of each lot or parcel of land within the district. Each lot or parcel has been identified by a distinctive number or letter.

The lines and dimensions of each lot or parcel of land shown on the diagram conform to those shown on the county assessor's maps for the fiscal year to which the report applies. The diagram refers to the County assessor's maps for a detailed description of the lines and dimensions of any lots or parcels, in which case, those maps shall govern for all details concerning the lines and dimensions of such lots or parcels.

The Assessment Diagram indicates the following:

- (a) City of San Pablo City Limit Line
- (b) assessment district boundary
- (c) boundary lines and designations of zones within the district
- (d) reference has been made to the maps on file with the County Assessor for the detailed description of the lines and dimensions of the various lots or parcels within the district
- (e) each parcel within the district has been given a distinct number, that number being the assessor's parcel number as shown on the assessor's current ownership roll

The Assessment Diagram follows and is labeled Figure 2.

RESOLUTION 2024-037

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN PABLO DIRECTING PREPARATION AND FILING OF THE ENGINEER'S REPORT FOR THE LEVY OF ANNUAL ASSESSMENTS FOR FISCAL YEAR 2024/25 FOR SAN PABLO STREET LIGHTING AND LANDSCAPE ASSESSMENT DISTRICT NO. 1982-1

WHEREAS, Street Lighting and Landscape Assessment District No. 1982-1 provides funding for service and maintenance of street lighting, landscaping, parks and public facilities, including City Hall and the Senior Center;

WHEREAS, an Engineer's Report is required pursuant to the provisions of the Landscaping and Lighting Act of 1972 for continuation of the San Pablo Street Lighting and Landscape Assessment District No. 1982-1 for Fiscal Year 2024/25;

WHEREAS, each year, the City of San Pablo (City) is required to have an Engineer's Report prepared and filed with Contra Costa County in order to collect assessments;

WHEREAS, in FY 2024/25, new improvements or substantial changes include:

- Street light improvements (replace street lights atop signal lights to LED lights to save energy and improve safety)
- Replace baseball infields
- Repair playing surface of Rumrill Sports Park
- Construction of McNeil Park
- Construction of Bush Pocket Park
- Replace HVAC at Senior Center
- Replace roof at Community Center
- Replace missing light poles for safety of the public
- Median improvements
- Street tree maintenance/trimming

WHEREAS, this resolution provides direction to initiate preparation of the Engineer's Report for Fiscal Year 2024/25.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of San Pablo hereby directs preparation of an Engineer's Report for San Pablo Street Lighting and Landscape Assessment District No. 1982-1 for Fiscal Year 2024/25 in accordance with Article 4 (commencing with Section 22565) of Chapter 1 of the Landscaping and Lighting Act of 1972 and Proposition 218; and

BE IT FURTHER RESOLVED that the foregoing recitations are true and correct and are included herein by reference as findings.

PUBLIC WORKS

BIENNIAL BUDGET

FISCAL YEAR 2022-24

MISSION STATEMENT

To **Create, Improve** and **Maintain Public Places** and facilities that support a healthy, vibrant, and diverse community through the efficient use of available resources.

DESCRIPTION *(LIGHTING & LANDSCAPE ACTIVITIES HIGHLIGHTED)*

Public Works is responsible for the daily maintenance and upkeep of City properties and infrastructure; design and construction of new or improved public facilities; managing a safe and efficient Citywide transportation network; and the expedient review of development projects in accordance with the San Pablo Municipal Code and standards. Public Works also manages the City's efforts to be a good steward of the environment by reducing the impact on air, water and land resources. To achieve these objectives, the Public Works Department is organized into three major service areas: Engineering, Maintenance, and Environmental Services. Public Works partners with regional transportation, environmental, regulatory, and other agencies to ensure San Pablo's interests are considered.

Major Services

Engineering and Administrative Services

Primarily funded by the General Fund, the Engineering and Administrative Services Division (3310) manages three core areas: the municipal Capital Improvement Program (CIP), Plan Review and Permits, and City Engineering. The CIP program incorporates planning, administering and managing capital improvement projects, such as the street pavement management program, storm drainage system, **traffic signals, sidewalks, trails and parks**, and construction of new public facilities. The Plan Review and Permits function includes the review of development projects and the issuance of grading, encroachment and transportation permits. Engineering involves the design and review of the City's physical assets, such as transportation corridors, watershed management, etc.

Maintenance Services

The Maintenance Division is also comprised of three functional areas: Property Maintenance; Streetlights and Parks; and Street Maintenance. Property Maintenance (3410) is funded primarily by the General Fund and provides security, repairs and major maintenance of City-owned properties, buildings, and associated vehicles, including city buildings' grounds and landscaping. Graffiti abatement on private property is included in 3410. The Streetlights and Parks functional group (3610) maintains City-owned street lights; maintains landscaping in the public right-of-way, parks, and trails; and provides security, repairs, and major maintenance of park and recreational facilities. Streetlights and Parks is funded primarily by the **Lighting & Landscaping Assessment District**, but also receives a generous subsidy from the General Fund. Lastly, Street Maintenance (3710) provides general street maintenance, abatement of graffiti on public property along main thoroughfares, and removal of litter and illegal dumping from public areas. Street Maintenance is funded primarily by Gas Tax.

Environmental Services

Three core functions of the Environmental Services Division (3510) are the National Pollution Discharge Elimination System (NPDES), Solid Waste, and Climate Action. Mandated by the federal Clean Water Act, the purpose of NPDES in the City of San Pablo is to utilize available funding efficiently to reduce storm water pollution that ends up in creeks and the San Francisco Bay. The solid waste program reflects the City's efforts to meet State diversion requirements through solid waste reduction, recycling, and composting programs. The purpose of Climate Action is to aid the City in meeting greenhouse gas emission targets outlined in AB 32, the California Global Warming Solutions Act. Environmental Services is funded by a citywide Stormwater Utility Assessment, Solid Waste Franchise Fee revenues, and General Fund.

ACCOMPLISHMENTS

Engineering and Administrative Services

Started construction of the **Rumrill Complete Streets Project**, providing improvements on 1.7 miles of Rumrill Boulevard.

Started construction of the Intersection Improvements on Church at Willow and on El Portal at Mission Bell.

Designed annual paving project on Giant Road including Giant Road Bridge Repair and new Cycletrack.

Designed and bid the Citywide Slurry Seal Project.

Started design of the **Sutter Avenue Urban Greening Project**.

Resumed the Litter and Illegal Dumping Task Force activities (post COVID).

Completed Safe Routes to School Master Plan

Started design of the San Pablo Avenue Bridge Repair and Road Realignment at the intersection of San Pablo Avenue/Road 20/23rd Avenue.

Participated in the Interagency Rail Safety group looking at Giant Avenue railroad quiet zone area.

Maintenance Services

Evaluated and installed large-scale disinfection system to city building air-handling systems.

Repaired sewer line at Davis Park.

Purchased first all-electric piece of heavy equipment – the new trash truck for collecting trash from the City-owned trash cans at the city facilities and on main thoroughfares.

Purchased street sweeper to augment contract street sweeping

Environmental Services

Completed and adopted the Bicycle and Pedestrian Corridor Study and the Citywide Safe Routes to School Master Plan.

Updated the Municipal Code to comply with SB 1383 and updated the purchasing policy to include the procurement of recovered organic waste in compliance with SB 1383

Secured grant funding for **Old Town Pocket Park** and Illegal Dumping Outreach Program

Received \$1.76 million from California Natural Resources Agency through Proposition 68 and \$1.56 million from the State Water Board through Proposition 1 to implement the **Sutter Avenue Greening Project**.

Secured \$ 1.9 million in grant funding for bike and pedestrian planning and capital improvement projects, the **1701 Bush Avenue pocket park**, litter and illegal dumping removal, and COVID education.

Coordinated the operations more than a dozen new EV charging ports to provide EV charging access to the City's constituents.

GOALS, OBJECTIVES AND PERFORMANCE MEASURES

Short-Term Objectives (FY 2023-24)

Engineering and Administrative Services

Install large full trash capture device in cooperation with CalTrans near Church and Willow.

Update the City's ADA Transition Plan.

Complete design of the San Pablo Avenue Bridge and Intersection Realignment project.

Design and install Sutter Green Street CIP

Maintenance Services

Continue implementation of the City's Electrification Program of city fleet and equipment.

Evaluate, and implement if warranted, staff resumption of citywide street sweeping.

Environmental Services

Complete and adopt the Local Road Safety Plan and Transit Village Master Plan.

Complete the Regional Alternative Compliance Project for a cost-effective way to implement Green Stormwater Infrastructure across Contra Costa County.

Long-Term Objectives

Engineering and Administrative Services

Review and update City Standard Plans and Specifications as necessary.

Coordinate with WCCTAC on corridor-wide improvements.

Implement online plan review and permitting.

Maintenance Projects

Continue retrofit of City Residential Street lights to LED.

Upgrade Citywide traffic signs on an ongoing basis for the next four years.

Add battery backup systems to traffic signals throughout the City.

Develop a regional Public Works Mutual Aid program.

Environmental Services

Secure grant funding to implement the bicycle and pedestrian street improvements identified in the Bicycle and Pedestrian Corridor Study

Implement the recommendations from the Litter and Illegal Dumping Task Force

Leverage geographic information system (GIS) and other online software to improve workflow efficiency, comply with regulatory reporting, reduce paper waste and support better resident access.

**AMENDMENT NO. 1
to the Engineer's Report for
CITY OF SAN PABLO STREET LIGHTING AND
LANDSCAPE ASSESSMENT DISTRICT NO. 1982-1, 2024-25 Fiscal Year
(Pursuant to the Landscaping and Lighting Act of 1972)**

A number of applications for major residential, mixed use and commercial/industrial projects have been approved by the City in recent years and are in various stages of development. The City has also approved applications for smaller projects including parcel maps, lot line adjustments and Accessory Dwelling Units. Whenever development occurs, or whenever public property previously not assessed is acquired by private parties, it is necessary to adjust the assessment for the affected property to conform to the approved assessment methodology included in the Engineer's Report. Government Code Section 53750(h)(3) provides that assessments are not deemed to be "increased" when the increase results from a change in the density, intensity, or nature of the use of land.

Assessments for Assessment District No. 1982-1 are collected on the County Tax Roll with property taxes. Adjustments to assessments are required when the County Assessor assigns a new Assessor's Parcel Number (APN) to the newly configured or utilized parcels. Once the new APN has been assigned it is possible to calculate and adjust the assessment for the developing parcels. The Assessor has retired and added new APNs reflecting the referenced changes to property within the District.

This Amendment No. 1 includes the following:

1. Revised Estimate of Cost. Pages B-1 through B-4, attached have been revised to reflect the increase in revenue that results from the revisions to several assessments. This increase has been added to the estimated year-end balance.
2. Update to the Method of Assessment. The attached revised pages C-3 and C-7 remove an exception 10 for a formerly vacant parcel that has been developed. An exception for "Supportive Housing (mini housing) Units" has been added.
3. List of Revisions to Assessments. The attached list revises the assessments for several parcels in the District based upon recent changes to parcel configuration or use. The list provides the assessment for the 2024-25 year and an estimate of the assessment upon project completion. The latter is for information only and subject to change based upon the final construction details.
4. List of Development Projects. A list of recent projects within the City has been included and linked to the List of Revisions with a reference number.

This Amendment including attachments will be placed on file with the City Clerk for consideration by the City Council at the annual public hearing. Upon approval of this Amendment, as submitted or as modified by the Council, the attached changes to Parts B, C and corresponding changes to Part D, the Assessment Roll and the Property Owner List will be incorporated, and the Amended Report placed on file for the 2024-25 fiscal year.

Respectfully Submitted,

LCC Engineering & Surveying, Inc.

Randolph W. Leptien

Assessment District Engineer

Attachments: Revised pages B-1, B-2, B-3, C-3 & C-7, List of Revisions (2 pages), List of Development Projects (4 pages)

PART B – ESTIMATE OF COST

Summary Cost Estimate

The revenue and expenditures for the District are accounted for in fund 237, department 3610 of the City Budget.

Section 22569 of the Act provides that the estimate of the costs of the improvements for the fiscal year contain estimates for all of the following:

- (a) The total costs for improvements to be made that year, being the total costs of constructing or installing all proposed improvements and of maintaining and servicing all existing and proposed improvements, including all incidental expenses.
- (b) The amount of any surplus or deficit in the improvement fund to be carried over to the next fiscal year.
- (c) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.
- (d) The amount, if any, of the annual installment for the fiscal year where the legislative body has ordered an assessment for the estimated cost of any improvements to be levied and collected in annual installments.
- (e) The amount of the anticipated balance forward from the previous year.
- (f) The net amount to be assessed upon assessable lands within the assessment district, being the total improvement costs, as referred to in subdivision (a), increased or decreased, as the case may be, by any of the amounts referred to in subdivision (b), (c), or (d).

A summary of the estimated District costs and net amount to be assessed for the 2024-25 FY is indicated on Table 1. The costs have been divided into the two (2) basic areas of service: 1) Street Lighting and 2) Landscaping. The total cost has been reduced by a contribution that will be made by the City. This contribution is intended to exceed and offset any benefit not linked to special property benefit. Table 1 lists these amounts for each category of service and maintenance.

		Lighting	Landscaping	Total
(a)	Total Estimated Expense	\$ 350,616.62	\$ 1,502,709.38	\$ 1,853,326.00
(b)	Plus estimated balance, 6/30/25	\$ 2,216.93	\$ 6,851.44	\$ 9,068.37
(c)	Less Contributions	\$ (149,569.01)	\$ (881,371.85)	\$ (1,030,940.86)
(d)	Plus Investment Payments	\$ -	\$ -	\$ -
(e)	Less Estimated. Balance 7-1-24	\$ 8,144.45	\$ 25,170.43	\$ 33,314.88
(f)	Net Amount to be Assessed	\$ 211,408.99	\$ 653,359.40	\$ 864,768.39

**Table 1
 Summary Cost Estimate and Net Amount to be Assessed**

FY 2024-25 expenses are estimated to be \$1,853,326. A negative balance of approximately \$33,315 is anticipated to be carried forward from the 2023-24 FY and a balance of approximately \$9,068 is estimated at the end of FY 2024-25. A contribution of approximately \$1.031 million dollars is required to fully fund the FY 2024-25 program. No investment payments have been authorized or scheduled by the Council.

Detailed Cost Estimate

The cost to maintain current street lighting, landscaping, park and recreation facilities described in Part A is shown on Table 2. The table lists:

- a statement of the expense by budget category for FY2023-24 as indicated in the City's Annual Comprehensive Financial Report (ACFR) 2022-23
- a projection of expenditures for FY 2023-24 using the previous year's budget estimate and expenditures to date, and
- an estimate of the District costs for the 2024-25 FY based upon the budget for fund 237, department 3610.

This cost estimate shows the Beginning Balance, Revenues, Expense and Estimated balance at the end of the next fiscal year. The expense amounts are listed by category and expense code.

The balance at the end of each year, if any, is carried forward to be used as a credit against future assessments. The Section 22569(a) of the Act provides that the balance in the fund should not exceed the estimated cost of maintenance and servicing improvements between July 1st and the time that the City expects to receive the first installment of the annual tax revenue from the County Auditor. Assuming that revenues are received on January 1st, this amounts to approximately 50% of the annual budget.

TABLE 2 - ESTIMATE OF COST

² Projected budget for FY 24-25 equals based on data through March 2024

³ Posted assessemnts 23-24 \$ 855,531.06 Estimated assessemnts 24-25 \$ 864,768.39

Exceptions

1. Corner lots were not assessed for the first 100 feet of side street frontage.
2. The frontage for a condominium was determined by dividing the total frontage for the complex by the number of units in the complex.
3. Unusual parcels with disproportional frontages were assessed on an individual basis according to the judgment of the engineer.
4. The lighting assessment on Vale Road, for Assessor’s parcel number 417-190-018, was waived due to the limited depth of this parcel.
5. Assessments for properties are based upon the lighting zone indicated on the assessment diagram except that single family residential parcels were not assessed for the increased cost to provide street lighting on Commercial Streets.
6. Beginning in fiscal year 1997-98, the zone designation on 23rd Street south of Market, was revised to zone 2 from zone 3.
7. Beginning in fiscal year 2009-10, assessments for commercial parcels in Tract 8575 and Tract 9049 (College Center) were calculated by totaling the frontage shown on the County Assessor’s maps and then prorating according to parcel area.
8. Vacant parcels were assessed at one-half the applicable rate.
9. Where parcels have multiple lighting frontages in more than one lighting zone, the SLBU were calculated by summing the Street Lighting Benefit Unit for each zone.
10. ~~Beginning in fiscal year 2015-16, Assessor’s Parcel Number 417-310-002, is part of the San Pablo Plaza Development currently under construction and will be assessed the vacant rate for lighting Zone 3.~~
11. Supportive housing (mini housing units) introduced in 2024 is assessed for frontage benefit only.

Lighting Rates

The total cost to provide street lighting maintenance was divided by the total SLBU and Lighting rates per foot were established for each lighting zone as shown on Table 5.

ZONE	DESCRIPTION	Street Lighting Rate per foot	
		2021-22	2022-23
1	Residential Lighting	\$ 0.37	\$ 0.37
2	Commercial Lighting	\$ 0.74	\$ 0.74
3	Commercial Lighting	\$ 1.48	\$ 1.48

TABLE 5 - Rates per Street Lighting Benefit Unit by Zone

Exceptions#10 and 11, amended by Amendment#1, 6/5/2024

3. Commercial properties located on Residential Streets were assessed as landscape Zone F.
4. Parcels with commercial responsibility codes were assessed for the frontage shown on the County Assessor’s maps. Corner lots were not assessed for the first 100 feet of side street frontage.
5. Vacant parcels were assessed at one-half the appropriate rate.
6. Assessments for certain blocks of parcels were calculated by totaling the frontage shown on the County Assessor’s maps and then prorated according to parcel area.
7. Beginning in fiscal year 2009-10, assessments for commercial parcels in Tract 8575 and Tract 9049 (College Center) were calculated by totaling the frontage shown on the County Assessor’s maps and then prorating according to parcel area.
8. Unusual or exceptional parcels or parcels with disproportionate frontages were assessed according to benefit received as determined by the Engineer of Work.
9. Parcels with multiple frontages and with different zones of improvements were assessed from the sum of the products of the Landscape Benefit units for each frontage.
10. ~~Beginning in fiscal year 2015-16, Assessor’s Parcel Number 417-310-002, is part of the San Pablo Plaza Development currently under construction and will be assessed the vacant rate for landscaping Zone 4. Amend#1, 2024~~
11. Supportive housing (mini housing units) introduced in 2024 is assessed for frontage benefit only.

Commercial Landscape Zones

Commercial landscaping costs were identified as (a) the cost to maintain landscaping on Commercial Streets, (b) the cost to maintain Kennedy Plaza, (c) 1/3 of the cost to maintain landscaping at City Hall, the Library and Senior Center (d) 1/3 of building maintenance cost for Senior Center, Wanlass, San Pablo Community Center at Helms Middle School and (e) incidental expense. Commercial Landscaping was said to benefit parcels on Commercial Streets in proportion to (1) the parcels frontage and (2) the zone of commercial landscape service.

Two zones of Commercial Landscape service and associated benefit factors were identified on the assessment diagram.

<u>Zone</u>	<u>Location</u>	<u>Commercial Landscape Benefit Factor</u>
F	Commercial Streets without Landscaped Frontage	0.5
G	Commercial Streets with Landscaped Frontage	1.0

TABLE 7
Commercial Landscape Benefit Factor by Zone

**City Of San Pablo
List of Development Projects, 2024
Street Lighting & Landscape Assessments**

A. RESIDENTIAL AND MIXED USE PROJECTS

1. Alvarado Gardens Affordable Housing – under construction

100 new apartments above 7,000 square feet of ground-floor commercial space. 99 apartments will be secured affordable housing, with one resident manager unit. Unit mix will include 26 three-bedroom units, 26 two-bedroom units, and 48 one-bedroom units. Ground floor retail contains 6,900 square feet of indoor retail space and 900 square feet of outdoor seating. Includes 126 existing parking spaces shared with Las Montañas grocery store and 40 new parking spaces in the rear of the building. Includes open space access to Wildcat Creek, including a new pedestrian bridge across the creek. Application received 11/18/2020, approved by Planning Commission 3/22/2022 (Resolution PC22-02). Under construction. Developer: Danco Communities

Please contact the developer if you are interested in renting a unit

Planning contact: Libby Tyler, Community Development Director

libbyt@sanpabloca.gov

(510) 215-3036

2. 2812 Chatleton Lane Townhomes – under construction

20 units of townhome-style attached single-family residences, 8 of which have accessory dwelling units. Submitted 2/16/2021. Approved by Planning Commission 8/24/2021 (Resolution PC21-08), approved by City Council 9/20/2021 (Resolution 2021-126). Developer: Bay Valley Development

Please contact the developer if you are interested in renting a unit

Planning contact: Libby Tyler, Community Development Director

libbyt@sanpabloca.gov

(510) 215-3036

3. 13717 San Pablo Avenue Apartments – no change since approval of application

91 units of multifamily housing, including 19 affordable units above 9,175 square feet of ground-floor commercial space in a five-story building located at the intersection of San Pablo Avenue and Luna Lane. All units are proposed to be sold as condominiums. Application received 3/8/2021. Approved by Planning Commission 11/23/21 (Resolution PC21-10), approved by City Council 12/20/2021 (Resolution 2021-170).

Developer: Lorgavens Properties
