

City of San Pablo

January 2025

Employee Of the Month

Victor Jimenez

Victor has been with the city for nearly two years, and in that time, he has proven to be an invaluable member of our team. Victor has stepped up in significant ways, particularly in overseeing our youth programs. He has shown exceptional leadership, serving as a staff liaison for the San Pablo Youth Commission (SPYC) and playing a lead role in planning and executing our city-wide special events.

Victor consistently comes to work with a positive attitude and a readiness to get the job done. His dedication ensures that our community and staff have a happy, fun, and safe environment to thrive in. One of his standout achievements has been his work with the SPYC's Student-Led Unity Grant (S.L.U.G.).

Through Victor's efforts, the program increased in the number of applications from one in its inaugural year to over eight in year two—an impressive accomplishment. Victor is also a true team player, always ready to jump in and assist wherever needed. This was especially evident when the team faced a challenge after the loss of our coordinator during his first year. Victor didn't hesitate to step up and ensure everything continued running smoothly. His hard work has also extended to the Teen Lounge after-school program at the San Pablo Community Center. After the pandemic, registering teens for the program was a challenge, but Victor's determination and hands-on approach made a difference. He visited multiple events at Helms Middle School and successfully recruited over 10 teens to attend the program within the last year.

Victor's ongoing efforts to improve our events, programs, and staff have not gone unnoticed, and we are fortunate to have him as part of our Community Services Department team. His dedication to the youth of our community, along with his work ethic, makes him an essential part of our team. In addition to his professional accomplishments, Victor is also pursuing his Master's in Public Administration, which further demonstrates his commitment to personal growth and public service.

Victor is hardworking, dedicated, and a pleasure to work with—qualities that make him more than deserving of being named Employee of the Month.

Please welcome me in congratulating Victor Jimenez as this month's choice for Employee of the Month!
