

City of San Pablo

Oct 2025

Employee Of the Month

Teresa Hall

Teresa Hall is our October Employee of the Month. Teresa runs our Residential Health and Safety program and also provides support for building permits. She does an outstanding job working with our residents and property owners to ensure that all residential rental properties and real estate transfers are safe to occupy and meet code requirements. Teresa is a high energy, positive person who works non-stop to answer inquiries, schedule inspections, review and issue reports, and update our database. In addition, she has taken on the administration of our Mobile Home Inspection program, working in conjunction with the Chief Building Official and Police Department Inspectors to ensure that San Pablo's mobile homes meet the requirements of the City's Local Enforcement Agency responsibilities. Teresa's hard work and dedication is making a demonstrable difference in the lives of our residents, and she deserves special commendation for her efforts. She is also great fun to work with and always has a kind word or witty story to share.
